FLYWHEEL WEIGHT:	Heavier 19.5 kg (43 lb), perimeter-weighted
PEDAL TYPE:	Dual-Sided SPD®-Compatible Pedals
COLOR:	Satin Metallic Silver
WEIGHT LIMIT:	158.8 kg (350 lbs)
WARRANTY:	Frame: 10 years Mechanical Parts: 2 years Labor: 1 year Wear Items: 90 days

- 1 Fusion Drive® Belt System**
Poly-V Belt drivetrain delivers a smooth, silent, and virtually maintenance-free ride.
- 2 Heavy Perimeter-Weighted Flywheel**
19.5 kg (43 lb) perimeter-weighted flywheel creates an authentic cycling feel for both performance and rhythm-based riding.
- 3 Geometry**
Bike frame geometry is designed to provide riders with cycling-specific positioning to provide a more comfortable, efficient and powerful ride.
- 4 Sweat-Resistant, Powder-Coated Steel and Open Frame Design**
Our umbrella design concept has been incorporated throughout the entire bike - with virtually no flat surfaces or entry points for sweat.
- 5 Oversized Steel Frame**
Boasts a larger, heavy-duty design providing maximal durability and optimal stability.
- 6 Wedge Design Handlebar and Seat Post**
All-new wedge design keeps the handlebars and seatpost secure and solid, while remaining easy to adjust.
- 7 Fully Adjustable Saddle and Handlebars**
Precision vertical adjustments paired with micro-adjustable fore/aft sliders on both the saddle and handlebars allow for a precise custom fit.
- 8 Dual Water Bottle Holder**
Sturdy, oversized dual water bottle holder on the handlebars allows easy access.
- 9 Micro-Adjustable Resistance**
Combined with a perimeter-weighted flywheel, the powerful and simple resistance system mimics the feel of being on the road and infinitely adjusts to suit the needs of every rider.
- 10 Dual-Sided SPD®-Compatible Pedals**
Pedals accommodate both athletic and cycling shoes, offering riders more flexibility and functionality.
- 11 Easy Transport Wheels and Stabilizer Feet**
Front-end wheels allow for easy portability while stabilizer feet eliminate shaking.
- 12 Heavy-duty Crank and Bearings**
Our proprietary Morse Taper connection and oversized bearings provide the most durable crank system on the market.
